Restoration Advisory Board (RAB) members are expected to serve a 2-year term and attend all RAB meetings. Members who miss three or more consecutive meetings may be asked to resign. Duties and responsibilities will include reviewing and commenting on technical documents and activities associated with the environmental restoration program at the Kansas Army Ammunition Plant. Members will be expected to be available to the community members and groups they represent to facilitate the exchange of information and/or concerns between the community and the RAB. Technical documents reviewed by the RAB will be made available to the public through information repositories. The public will be able to comment on the technical documents either in writing to the installation or at the RAB meetings during a time set aside for public comments and input.
